Shradha's practice focuses on handling aspects of patent application and prosecution management for clients. Her work includes researching and analyzing patents, preparing patents, and prosecution of patents within the life sciences space. She also works on patent litigation matters.

Shradha plans to undertake the US Patent Agent Bar Exam in the near future in order to be admitted to the US Patent and Trademark Office Bar.

*\*Shradha is not a member of the legal practice.*

## Previous Work

Prior to joining ArentFox Schiff, Shradha worked in a variety of roles assisting with patent-related matters such as patent analytics, patent prosecution and litigation, and patent licensing. This includes long-term internships as a Patent Analyst for Johnson and Johnson Medical India Pvt. Ltd. and Cipla Ltd. As a Patent Analyst she designed, executed, and analyzed patent and literature searches within the life sciences domain. She also evaluated competitive portfolios and executed patentability and marketability assessments.

## Life Beyond the Law

When not working, Shradha enjoys hiking, traveling, and gaining new experiences. Shradha's interests include kickboxing, baking, and reading novels.
